Harvard T.H. Chan School of Public Health, *Summer Epidemiology Program Participant*

July 2015

- Research fellow in program for undergraduate students to develop understanding of epidemiology & biostatistics
- Collaborated with Dr. Lorelei Mucci to explore descriptive epidemiology of & genomic alterations in liver cancer; synthesized & presented research findings

Connecticut Mental Health Center, *Research Assistant to Dr. Aniyizhai Annamalai*

Sep 2014 – May 2015

- Reviewed 500+ patient charts to investigate how increases in state cigarette tax affects smoking rates in severely mentally ill patients; collected, managed data; performed literature review; contributing to written manuscript of results

International Center for Diarrheal Disease Research, Bangladesh (icddr,b), *Research Intern*

June – Aug 2014

- Conducted literature review on relationship between stress & birth outcomes in women
- Performed statistical analyses to analyze factors that affect women's empowerment (e.g. ability to make financial & healthcare decisions, to visit natal home, to use contraception, etc.)
- Awarded Yale International Studies Fellowship & QuestBridge Summer Service Grant for this research internship

MAJOR ORGANIZATIONAL INVOLVEMENT

Undergraduate First Generation, Low-Income Partnership, *Board member & co-founder*

March 2014 – Present

- Co-lead building of community amongst first-generation, low-income (FLI) students at Yale
- Spearhead organization's development by increasing organization's campus presence, reaching out to faculty & administrators to begin conversations on policy changes at Yale for this student population
- Helped increase membership by 100%; created mentorship program; led creation of guidebook for FLI freshmen; initiated collaboration with IvyG, non-profit aimed at creating community amongst FLI students at top-tier schools

AIDS Walk New Haven, *Co-Director, Vice President of Community Involvement*

Sep 2013 – May 2015

- Raised nearly \$20,000 over two years to benefit New Haven organizations that serve those with HIV/AIDS
- Co-organized annual AIDS Walk in New Haven, CT; managed event logistics; built project management skills
- Conducted outreach, built relationships with campus & community organizations, local universities, & businesses to solicit support & increase awareness about HIV/AIDS; organized campus & community fundraisers
