OBJECTIVE: To obtain a position in the petroleum or natural gas field applying my education, quick comprehension, and teamwork skills to achieve an organization's goals and objectives.

EDUCATION

The Pennsylvania State University – University Park, PA

Bachelor of Science: Petroleum and Natural Gas Engineering Expected: May 2015
GPA 3.12

WORK EXPERIENCE

Talisman Energy USA - Horseheads, NY

Operations and Facilities Engineer Intern

May – August 2014

- Continued work on pipeline modification project from previous summer
 - Requested and reviewed quotes and proposals from vendors for pipeline modifications and pressure relief valves
 - Scheduled riser work with operations and ordered pressure relief valves
- Worked on well clean out project
 - Created a proposal for well clean outs on two wells with the objective of removing the packer and jet pump unit located downhole and lowering the end of tubing
- Annular optimization system project – Presented to corporate executives
 - Reviewed all wells and created a list of candidates to receive an annular optimization system to increase the production rate of the well by 20%

Operations and Facilities Engineer Intern

May – August 2013

- Worked on a pipeline modification project
 - Proposed a plan to management to re-route discharge gas from one meter station to another to help meet a quota at the meter station
 - Assisted with two separate pipeline riser modifications
 - Assisted on compressor discharge pressure relief valve upgrades
- Worked on a well clean out project
 - Analyzed potential clean out candidates to save from loading issues
 - Proposed three wells to management to complete well clean outs
- Visited well sites, compressor stations, drilling operations and fracking operations

EDUCATIONAL AND PROFESSIONAL AFFILIATIONS

Phi Kappa Psi Fraternity

President

Spring 2012 - Present
Spring 2014 & Fall 2014

- Managed a chapter of 70 members and \$150,000 budget each semester
- Attended a national leadership academy
- Helped chapter meet community service, philanthropy and educational programming goals

Recording Secretary

Fall 2012, Spring 2013 & Fall 2013

- Member of executive board assisting with internal issues

- Manage records of chapter meeting minutes

Risk Management

Fall 2013

- In charge of analyzing and then managing to reduce risks at functions

Penn State's IFC/Pan-Hellenic Dance Marathon (THON) Spring 2012 - Present

- Participated in and organized fundraisers, canvassing and canning trips that are credited to my organizations total of \$150,000

Society of Petroleum Engineers

Fall 2012 – Present
