ACCOUNTING ASSOCIATE

A recent graduate in Economics and equipped with a strong academic background in accounting through pursuing independent studies in 13 different accounting courses. With a growing interest in accounting, I have passed AUDIT & ATTESTATION section within a CPA exam. My past internship experiences in 3 different industries including accounting, private equity fund, and financial services ascertained my firm career interest in accounting. As a squad leader during my two years of military service with Republic of Korea Army, I have turned into a person who is easily adaptable to new environment, possesses a strong sense of responsibility with optimistic mindset and an excellent communication skill
